Fair Opportunity

Orders under multiple-award contracts are subject to applicable fair opportunity requirements in FAR 16.505(b). The ordering agency contracting officer is responsible for the acquisition process and applicable documentation. The NASA SEWP Quote Request Tool (QRT) is the recommended method for requesting quotes and supporting fair opportunity.

Requesting a Quote

Government customers may use the NASA SEWP online Quote Request Tool (QRT) to solicit quotations. For assistance with Bravent quotations for hardware, software, or services within its awarded SEWP contract scope, contact **Kishore Vuppala** (kishore@braventsystems.com). Only products and services available under Bravent's SEWP contract may be offered in a formal SEWP quote.

Ordering Process

An agency identifies its requirement and follows its internal purchase request and funding approval process. Its procurement office issues the delivery order (DO). The SEWP Program Management Office (PMO) processes and tracks issued delivery orders and forwards them to the contract holder. Order modifications must also be routed through the SEWP PMO. Agency-specific procurement policies continue to apply.

Installation, Warranty, and Post-Delivery Support

For installation arrangements, basic or extended warranty coverage, technical support, software support, and other post-delivery issues, contact **Kishore Vuppala** (kishore@braventsystems.com). Coverage and response

procedures depend on the applicable order and contract terms.

Resolving Order Issues

For a missing, delayed, incorrect, damaged, or otherwise problematic order, contact **Kishore Vuppala** (kishore@braventsystems.com). Provide the agency name, delivery order number, affected items/services, and a description of the issue.
